

CUTTING MACHINE

CUTTING MACHINE CUT 35 E

GENERAL INFORMATION

The main body of this cutting machine is one-block in high-quality cast steel. The cutting blades, made in special hardened steel, are designed to cut both small and big diameter iron. The gears and the moving parts are in wear-resistant steel

General characteristics	
Blade speed per 1'	100
power KW	2,2
weight Kg	365

Cutting capacity
